'INMATES BEING BEATEN AT SANTA ROSA CORRECTIONAL INSTITUTION'

While being transferred to North Florida Reception and medical center on Friday July 10,2020 I was speaking with inmate Tracy Brewer who was going over there for his third shoulder surgery. When I began inquiring about what happened to him, he told me a horrifying story about while being housed at Santa Rosa C.I. on March 11,2019, staff told him to get a shave and a haircut. Well he asked staff to have the inmate barber to please clean the clippers better, that he didn't want to catch Hepatitis or some other disease. Well staff got pissed off and jumped on him, and beat him really bad while he was handcuffed behind his back. He stated that they broke several ribs as well as his shoulder. They finally took him to medical who after taking the x-ray's and seeing that he had broken ribs and a shoulder attempted to cover it up. They left him in the cell from March 11, until sometime in July where someone finally stepped up and sent him to RMC, who then placed him in the hospital. He was in the hospital for the next two months. There was a Lt Johnson, a CO Mario and several others that severely beat this man. This man has 16 months left on his burglary sentence. So this is a man that has been abused and will return to society. It is this type of behavior, these types of stories that begs my conscience to do "something" to be the voice of those who are being abused! This is the type of behavior that is absolutely despicable and unacceptable!! And if the FDOC doesn't like me speaking out about, then stop your barbaric abuse! There's no justifiable reason to beat a man in this manner, and leave him to suffer in a cage untreated for three months. Its these type's of monster's that need to be removed from power. Tracy Brewer told me that he's got his medical records to back this up, and will gladly talk to our Senators and House Representatives and share his medical records with them, so they can verify this brutal assault and that medical then tried to cover it up. This essay needs to be turned over to the Inspector General's office. FDLE and to the Florida Legislature. Cause this is a criminal act that maybe taking place on other inmates at that same institution. So I'm pleading with you, be their voice! Stop this prison abuse. Tell our Governor and Legislature that enough is enough. The time for change is upon us, and these psychotic administrators need to go. God bless you all and may you continue to fight the good fight.

Sincerely Ronald Wayne Clark Jr #812974. July 10,2020
