# Thank You

Lil Dennyboi, I'm super honored that you spent time with the lost tapes, and videos of my past life, and dragged the songs of my childhood mind into the future, and posting up at danielrainey @ youtube, on my behalf. I so wanted do a kid to verse on "U", before the fall, and thank you for finding these + rarer tracks I layed down for our Family Boy Band, PERFECT TIMING. also to the folks @ WODZ, and NewMedia 3.0, thanks for viewing my work as worthy enough to be included in what you do. I wrote these songs as a 17 year old Black Gay Boy in the Hood, and now as an adult, I cant wait to perform them Live.

U

I'm ready to start this  
thing over, one on one  
and everything new we're  
both older it's on,  
so much I want U to  
see, and I don't see  
nothing wrong, just as  
long as U're here with  
me,

U - U're all I want and  
U're all I need I want  
U to see all I need  
is U, to start again  
A nigger had my share  
of life and times but  
what I've never had was  
someone I could call  
mine for me, now all  
I ever want to be is U,  
because U make life so  
easy

## One With Me

Finding myself alone sometimes  
gets me to wondering  
will the sun ever shine  
and then you're again  
there to pick me up  
forever extending your hand  
Always on my side  
You stay down with me  
Whenever I'm wrong or right  
and there's no mystery  
I just want to tell the world  
that You are One With Me

You are One With Me  
You are my everything  
My one and only  
You are One With Me  
and everything I do  
I'd rather do it all  
with you

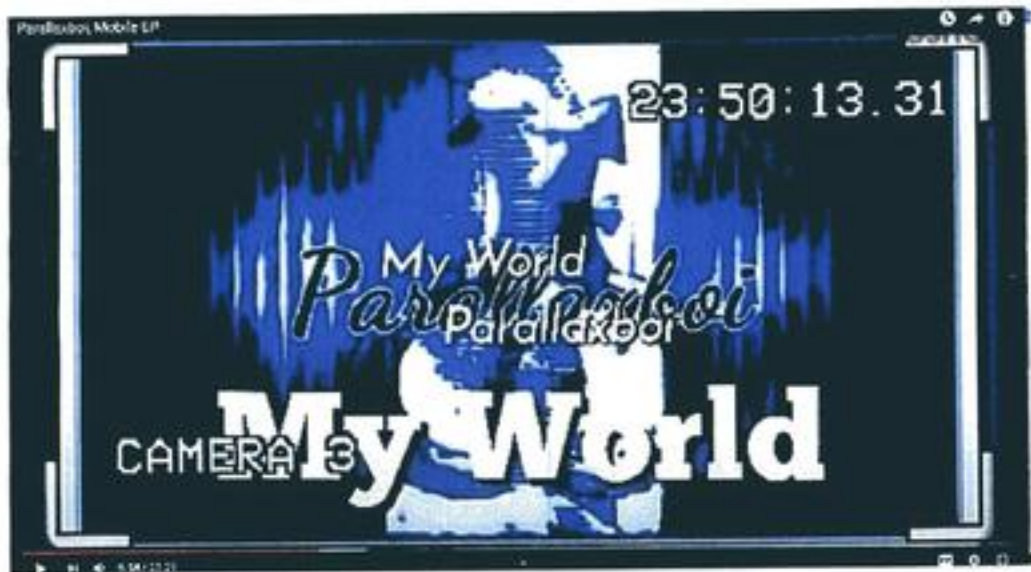

## One With Me

Everywhere I go  
every step I take  
every move I make  
and everytime I cry  
You go out of your way  
just to see that I smile  
Always on my side  
You stay down with me  
whether I'm wrong or right  
and there's no mystery  
I just want to tell the world  
that you are one with me

You'll never leave my heart  
so don't even think about it  
I just can't let you go  
this you need to know  
My world is you  
and there's no way around it  
because you're all I need  
You are One With Me

I'm Kallin

These few walls  
is driving me crazy  
and I need a phone call  
so I can talk to my Baby  
Am only allowed twenty  
minutes on the phone  
and Baby my time is  
almost finished please  
Come on and pick up  
the phone

I'm Kallin on the phone and  
I can't get through  
Cause all I want to do is  
is talk to you  
And it's been too long  
since we last spoke  
and it's been far too long  
since we last wrote,  
so I'm Kallin.

saf

Now in the midst  
of contemplating opening words  
I'm careful about the way  
I feel. Relationships don't  
take no potent miracle, it's  
simple as just keep it real,  
but if I keep it real I could  
never look into your eyes,  
then you could probably read  
my mind. I'm thinking what  
I feel, I'm feeling you're  
my every thought cause  
Baby you're so fine  
So fine - saf  
You're blowing my mind - saf.  
Now what is this? My eyes won't  
blink they're stuck on you,  
I'm captivated by your moves,  
don't want to miss these  
motions I want to groove,  
I'm feeling everything for de.

## No Turning Back

Many times before this  
I've stressed I've felt my best  
was kind of short  
Now I'm fleeing this attack  
and I'm never, ever, never  
turning back

No turning back  
Cause I'm other side  
when I'm gone I'm gone  
no turning back

Give a damn what you might think  
You mind can't fuck with mine  
Cause what I be thinking  
death I still attract  
Just accept that now  
I'm gone, and there's  
no turning back

Twenty seven

No Turning Back

(going Michael Franks)

I am not here  
I'm making my escape  
the me too hear  
is magnified on tape  
I'm getting high  
Somewhere you'll never know  
this is the time for me  
I had to go, and there's no

No turning back  
Cause Motherfucka  
when I'm gone I'm gone  
no turning back
