Despicable Republicans - Stimulus Talk - package

The comment if you give these people all this money. They are not going to go back to work. How do you know Republicans? There is no fact validating your preconceive ideal that my son will not go back to work if he gets another Stimulus check. Yes my son has four children and one is newborn baby along with his wife. He was getting that unemployment check you let ran out. To say they will not go back to work 4.1 American are unemployed. Don't have a job because they was laid off. Where is the jobs they are going to Republicans. Cov-19 had already despol my son employment. Now you going to deprive my son and family a place to live, no food, lights etc. Everything that valuable is ~~to~~ to their ~~lifestyle~~ livelihood. I want to say every Republican that is stopping this ~~voting~~ vote from going through is evil and selfish. Because you all good home to a home, food, lights and banking account so the poor people who trying to make ends meet don't. I hope every American had to endure additional hardship because they lost their jobs because of Cov-19. Then you adding onto their problems they already have.

I hope every Republican that was in on this foolishness get voted out of office when the election comes up. Because these Republicans don't care about the people. They are in their office for the wrong reason- selfish Idiots

How can you dismiss the cov-19 deaths 155,496. This is far from over Donald Trump. People are dying every second is you blind or ~~you~~ just don't want to acknowledge we are in a bad place right ~~now~~ now with cov-19.
