FROM THE EDITOR:

Most of My life, I may have seen a Transgender person on and off, maybe one day out of each year? In passing? Maybe a Hello? That's about it, and I'm an open Gay Black Man, All hood persuasion, so we already don't hang out.

I collided with a distant star named Mpingo through my Journalistic activism, when a few people sent me writings by Mpingo, around the same time, and it struck me that there is a cold silence about Murders of Trans Women, and abuses of all Gay people who are incarcerated.

At a closer look, I found that Black Straight Men are the most responsible for such horrors, and it's a common sad truth, in many other races, and cultures, and then I saw the list on the cover of this issue, and I realized that it was only July 2020, Yes, before the year was out, 21 had been killed, damn.

Here, I won't repeat the exhausting excuses, and foul Justifications, Misused, to sustain reasons not to engage this topic, but,

We at AZANDE Press don't play selective morality politics, Wrong is Wrong, if white Silence is violence when it comes to police killing our Kings, then how much more violent is Our Silence when our King becomes the Killer, and trust me when I say, it hurts so bad to say that, my fingers almost disobeyed my Will, as I struggled to look into that mirror, finding the following words:

"What the fuck is up with this shit My Nigga?"

Black straight Men have become the Police of Corrupt Murders, and Social and Economic injustices against LGBTQIA+ people of color.

In this Issue, we present the facts that we as a society must be careful to recognize that every Men is not a King, even an ill advised King is not worthy of said title, when His actions, prove Kingly towards a few, and Terrorist towards others.

If one is unable to wear a crown with his head down, we ~~must~~ must understand that every Raised head, is not, worthy to wear one.

LIBERATED FACTS 3:

Both AZANDE Press issues #8, and #9 traced and found inclusions within the LGBTQIA+ Community as far back as the 1800's here in America, then somewhere in the State of Hell, we found inner-exclusions that we still see today.

I want this issue to search Your Spirit, and find peace in returning our Culture into all inclusive, when we, both loved and Struggled together. As a Gay Black Man, I present this Time issue in loving defense of my Transgender Family members, You will not see me where You want me, yet, You will always see me where You need me.

Need, hummmmm, as You read this work, know that we are all needed, to stop the Killings, and Violence, and exclusions ^{of} our Trans Fam, like our Ancestors did in those court cases that our Born Free Generation was never taught about, way before Stonewall.

White Lesbians require this true lesson, that they are also, equally, Family, You Matter.

The Consequence :

- #1. Any of us, that seek to place personal social and economical advancements above the health and safety of the community, will be engaged as oppressors of our people.

A Transwoman being killed in society is the same as Gays being beaten, spit on, and being deuced with human urine and feces in a Prison, especially during a global pandemic spread of a killer virus, Wrong is wrong, where are you?

Being on the right side of History is great, being on the right side of the present is vital, and being on the right side of the future is not your call, Generation Next is watching us all, and the call belongs to them, did we let them down? Or did we build them up? Exclusion is failure, and failure cost.

Not matter who you are, or what you have done, what is valuable, is what you do now with your gift of forgiveness, Care, and Love.

#2.

In the Spirits of all former enslaved Ancestors, that, self identified as Same Sex loving Humans, Gaytekeepers, Watchers, Qings and Kweens, or to some degree by what we now view as LGBTQIA+, We ask that You create ways to duplicate and gift this message to as many fellow Parallaxboiz and Parallaxguri's as possible.

#3.

Become the Consequence, against incarcerative acts of violence and mistreatment at the hands of prisoner subcultural groups, as a new, united version of ourselves by ending All ~~of~~ our own petty quarrels with both forgiveness, and true forgetfulness. Provide unsolicited care for one another, socially, spiritually, and through sharing items of support, such as food and clothing etc. Finally, creating a silent, yet respectful decline of All manner of buying, selling and trading of (All Things) with, and between, prison subcultural groups that collectively and individually oppress LGBTQIA+ incarcerated people. Now, may we all view the "Crowded closet" as worthy of our love and care. One Family.
