YEP,

it sooooo sucks in here,
and then it get super hot
LWD have mercy!

Hope you like the 2 latest zines,
pretty cool scratch pad / chicken scratch
of those songs, which can all be
searched on YouTube. Not bad for
the old 1990's works.

Also got 2 more zines coming, I
should be getting them to your husband
in a few days, AZP #8 & #9 issues.
Getting a bit personal in those, I enjoyed
writing on the edge, hope you find
them very interesting as well.

Think you might want to read them
before we get into your husband's next
move, he sent me a note requesting
that I touch on a few topics, and
most of what he asked for is covered
in AZP #8 & #9, I was going to retire
and not even post this stuff, but,
he sounded like he can put it to good
use, so I went into my old box, and
got out a few writings that made up
these new issues. Copies should be in
today, I'll flush them to him asap.

Stay safe Out there, /242st
