

No Place To Land (4)

After a quick shower, dō Kid begins to read out loud AZANDE Press + playlist, @ Daniel Rainey YouTube, on his mobile Pad under the back drop of the "TYPE Beats" for each reading.

During Chew Release, dō Kid loses sight of Paralexboi, and focuses his attention to a head knocking Chally Boy from across the Chew Hall.

As dō Kid gets up to exit the Chew Hall after eating, He makes eye contact with Chally Boy, motioning for Chally Boy to come to his cell after Chew, Chally Boy nods his head "Yes", while tapping on his wrist watch as a signal for "Later".

This scene begins with dō Kid entering the cell greeting Paralexboi.
