YEP, glad you heard this song,
hope you enjoy the others there
as well, and you almost made
me drop a tear because you are
so right, this is a fond walk
down memory lane, I truly
miss my folks. I can't wait
to see this to see if I still
look like myself. I'm ~~sooooo~~
not a rapper, so, I did a
track about the lack of Gun
Control in America, the argument
has been going on for 50 years,
yet, in the past 17 years, we have
seen more gun violence by citizens,
and police, if you will, please
check out Audioscribe @ Youtube
and see the song titled
MURDER by Parallaxboi. Don't get
me wrong, this song is not about
removing gun rights, I'm only singing
on behalf of all guns that can't
speak for themselves while in the
hands of people who are out
of control. ~~Sooooo~~ hatred.
