

The Penalties that Can be stop (Sports)

one of the NFL most defeats is penalties fumbles, false starts, offside, holding the ball in the pocket too long Quarterback, turnovers in the end zones, interceptions, taunting, unnecessary roughness

Work hard play smart this is the NFL new motto that

I give the players Please block for your quarterback
Too much sacking of quarterbacks.

NBA not getting your rebounds more, offense fouls
fouling out of the game

Work hard play smart NBA

Collin Kaepernick slammed NFL social Justice campaign
I don't blame him, because he started the movement
in sports. His name and career was slaughtered by the
people and organization. Now everybody's doing the same
thing he did but they still have a job. Very hypocritical
of the NFL organization. I understand Collin.

Can I say I am so proud of the youth that is making it to
college and didn't choose the street life. Thank you for
the people who helped them to make it where they
are.
