

The Stars are shining for you

Sarah thought to herself as she laid in her bed. What am I going to do? My mom tucked me in my bed only to leave me in the dark by myself. Suddenly! Sarah begin to tremble. I am so scared of the dark. What am I going to do if a undescriptive thing come to gulp me up? If I ~~go~~ run into my mom's room, she is just going to send me back to bed. Because she believe I have to learn to sleep in my own bed. ~~Every~~ cause one day I will leave to go off to college. When I do get scared, I can't run home to her. But the truth of matter I have a long ways to go before I even reach college. I'm only 13 years old for heaven sake.

I know one thing all jokes aside. Something has to give with me being in the dark alone. It makes me tremble and ~~am~~ afraid that something might grab me in the wee hours of the night, Sarah begin to think, Lord I need your help with my darkness situation. I have no one to discuss my problems with. So Sarah decided today she was going to put her fear aside for now. Besides it's the day of a new school term. Gotta catch up on the tea with friends.

Well morning had approach time to get up. Get ready for school. Sarah got up pick out her clothes, laid them on the bed. Then went to the shower. Turn on the water, oh the warm water feel so good. Good way to wake up. Sarah thought to herself something missing. Oh I need some music. Lexa play Usher song I Don't waste my Time. Yeah I can grove now. She started to ~~rock~~ rock dancing while she bath. As she sang with song, Sarah said this is going to be a great day

Sarah finish her shower. Dried off, when its her room begin to lotion down. Then she put on her clothes and kicks. She said Lexa end the music. Sarah ran down the stairs only to see her mom was not down there she had already left.

I guess I have to find me something to eat. Lexa play Ricky Smiley Show. So she listen to Ricky Smiley Show. She decided to eat some fruit loops cereal. It had to be quick because the bus will be here soon. Man Ricky is so funny. She was just laughing. ~~but~~ Oh man time goes by ~~fast~~ fast. It's 7:30 am already. The bus will be here in 10 minutes. I better go outside. Surely, ~~enough~~ the bus was coming around the ~~corner~~ curve. They stop. Sarah got on the bus. Guess who she see Stephanie, she just hugged her. Miss you.

Good morning Sarah, How are you today? I am great, Stephanie. Did you enjoy your summer vacation. Guess what I did with my family. Girl ~~we~~ we went to six flags over New Jersey. It was so much fun. Many rides and plenty of food. I got to enjoy ~~buggy~~ Buggy bunny land and Safari trail. Stephanie said you don't mind me asking, what is the Safari ~~trail~~ trail? Sarah begin to explain, Girl its where you are riding in your car on the trail. Animals walking around such as giraffe, ~~more~~ monkeys etc. Its beautiful. Stephanie, If they walking, suppose they run out in front of the vehicle. For real Stephanie, that's not going to happen because your driving real slow. Then Stephanie said if you get attacked in your vehicle by a giraffe. Sarah replied honey that's not going to happen because your window suppose to be up at all times. But nevertheless Stephanie. My trip to great adventure was

extraordinary because I get to spend quality time with my mom. Because I don't often get that Stephanie because she is a ~~ER~~ ER Doctor. When she is off duty, she is still on call a lot of times. I saw with her many of ~~the~~ days. Stephanie and Sarah took a pause from their conversation to look outside the school bus window enjoying the scenery of others traveling along side them on the road. What beautiful scenery, Sarah thought to herself. Suddenly Stephanie spoke, she said I have a issue that I have never mention it to you because I am embarrassed. Sarah said how long have we been friend? Stephanie said every since we been able to ~~to~~ talk and walk.

Sarah said How could you not mention what is going on with you. I thought we have such BFF bond that we can share anything with each other. We do Stephanie assured her, well here is my confession. Girl stop Sarah began to laugh, you sound like the RNB singer Usher ("These are my confessions"). By the way you know that is my favourite singer. Stephanie wasn't laughing because this moment was a serious one. When Sarah seen Stephanie wasn't laughing, her smiled and left quickly. Sarah reaction went back to seriousness, I am sorry for having that moment at the wrong time, Stephanie. I love you friend Sarah hugged Stephanie. What's going on with you Stephanie?

Stephanie began to express how her mom would tuck her into the bed at night. Then leave her in the dark alone. She would begin to tremble and afraid that something was going to gulp her in the dark. Sarah eyes got so big and mouth stretch wide open like she had seen a ghost. Sarah, Sarah, Sarah do you leave me? Sarah had went into shock because how is it her BFF is experiencing the

Some demon that she had been encountering. Once Stephanie had shocked Sarah. She had to put her hand on Sarah slightly shaking her at the shoulder to bring her out the shock. Stephanie said what is wrong Sarah? Sarah said my pride of being embarrassed. So I just kept my mouth ~~shut~~ shut. Let me ask ~~you~~ you this Stephanie, what did your mom say when you told her about what was happening to you? She said that I had to learn how to sleep in the room alone because when I go off to college, I will not be able to run back home to her. I said mom, I have a long time before I go off to college. I am only 13 years old. Wow, wow it's amazing Sarah said we are going through the same thing. I am very amazed. Whoosh, we heard the school bus had stop we are at the Raymond Village elementary school. Well Sarah I love you. We hugged, I will see you at lunch time.

Sarah, goes about her way. Well her last class was English. ~~Sarah~~ She loved English class but who is this Mr. Spelling man? I hope he is creative. Not boring because heck Sarah thought I am ADD. I can only take so much. I will dip out to the bathroom till class was, or fall asleep in class or just skip school all together beside who will know. My mother works in the ER. Long, Long, Long, hours. I'll be gucci, yeah boyee. Sarah entered her class, room 102. Mr. Spelling man. She seen a short man, ooh he is so short. Sarah thought to herself. Man I am taller than Mr. Spelling man. I am only 13 years old. Then he had freckles in the face and red hair. Wow this man is mysterious. Sarah said I have never seen me like this ever. Not judging him I realize people are different, thinking to herself.

Sarah said let me put my attention somewhere else like who is in this class with me. Sarah turn her focus on the other students entering the room. Some looked scared and bored already. She didn't even know anyone that was coming into the class. So she remain quiet at her desk. Finally the last student entered the door. It was Chuckie, yuck I thought I didn't have to deal with his buck tooth self this school year. Sarah and Chuckie had bad blood amongst them. Chuckie was always poking at Sarah every chance he got.

One day they got into a physical fight. She won but thank God nobody was around like school staff because she have got suspended forever because she walked the dog on Chuckie. But do you think that stop Chuckie from poking at her. Absolutely not, Chuckie walk into the door. Hello big head, he ~~was~~ whispered in my ear. We meet again, I said huh don't make me beat your tail again and again. You better step away from me in two seconds. I am not playing. I will make a scene in this classroom so help me God. After this happened. Guess what else the chump set next to me in this class. But Sarah thought to herself. I am going to make his life a living nightmare this school year.

Good morning ladies and gentlemen in loud ~~voice~~ tone. It ~~is~~ surely broke her thought Sarah said to herself. It was Mrs. Spellingman. Dang he is so little but his voice is so big. Sarah thought. Mrs. Spellingman ~~s~~ speaks Hello my name is Mrs. Spellingman I am your English teacher for this school year. I am serious about my teaching and your learning. I will not allow you to disrespect me, the next student. ~~at your own risk~~. There will be respect in this classroom.

We will have fun learning English. I am very creative in my teaching so you can get it. Sarah thought to herself. yes it worked in my favor. Today will start our class off by playing English Bingo. Sarah thought. How can you play English Bingo? Well I guess I will see, she thought. Mr. Spellingman passed out English Bingo Cards. On Sarah card she had exclamation, question mark etc. She thought. I hope I win. Once Mr. Spellingman passed out all the cards. He said is everyone OK? All the students yelled yes, Sir. But one student raised his hand? Mr. Spellingman said yes how can I help you, Mr. Mark. The little boy was joyous as he asked his question about what he was going to win if he got bingo. Mark was happy that Mr. Spellingman called him Mr and knew his name right off the bat. They just met, wow he thought to himself. Mr. Spellingman replied with the answer to Mark's question. you all will be surprised if you win. Mr. Spellingman said let the games begin. Exclamation then Mr. Spellingman called a period. Sarah thought to herself. Keep it coming. Oh I hope I win.

About 15 seconds into the bingo somebody said Bingo, Bingo, Bingo it was Sarah. She was so happy she was the first Bingo in class. Sarah got to choose her prize. Sarah chose the small fruity lead pencil that smelled like raspberry. Oh Sarah was so happy. The other students was motivated to win. Sarah ^{then} the class had several more wins. Well Mr. Spellingman (Spellingman) said ~~was so~~ I am sorry but this conclude our class. There will always be a tomorrow students said Mr. Spellingman with excitement! Every student said bye Mr. Spellingman with you do they left the class. We will see you tomorrow. All you can hear them talking about Mr. Spellingman on the hallway the other students.

Sarah walked out the classroom floating on cloud 9. She couldn't wait to share about her day with her mom and friend Stephanie. I forgot Stephanie rides a whole different bus in the evening. Guess it will be in the morning I talk to Stephanie. This has been a awesome first day of school. Will it be awesome when she gets home. The night come. Good question. Never the less she was in a good mood but she had ~~the~~ that thought in the back of her mind as she ~~read~~^{rode} the bus home. Sarah was spaced out the whole ride. ~~As she entered off~~ The bus stopped in front of her house. ~~As she~~ as she entered off the bus she was still think as she walked to her front door putting the key into the door. click, walks into a empty house no more. She is at work.

Sarah begin to shake herself stop thinking about the thing. She went into the refrigerator get her mountain Dew, and get her Slim jim and cheese out. What an awesome snack. She thought to herself. Then she went to the sofa decided to set down and watch TV before she get into any homework. I think I want to watch the Kelly Clarkson show. Because she has amazing topics everyday. Sarah watch TV from 3pm to 4pm. when her show went off. Sarah decided to take a bath so she can be prepared to do homework and study for her science test.

Sarah thought to herself man, that bathe made me sleepy but I can't go to sleep because I got things to do. let me cook something to eat because my mom is ~~working~~^{docturing} somebody. She used not get off from work until 10pm ~~to~~ tonight. I might be only 13 years old but I can hold my own just like mom taught me.

Sarah opened the refrigerator, let me see, I am going to cook me some red hot links, Ramen noodle chicken flavor and drink some ice tea. ~~because~~ I am jucci I got tho as she had her favorite song playing Flossin by Brooklyn Queen and Dre 9. Sarah was dancing and rapping all at the same time. Putting her red links sausage in the microwave while putting her Ramen noodle in a pot on the stove. yeah I'm flossin aint that right she sings again. About few minutes she was ready to grub out on her meal.

Sarah set down to eat. She said Lexa play water cant stop won't stop. Man Sarah was jamming to be a 13 years old. Plus she cooked for herself. In a moment I was feeling a little bit elder than 13 years old. Oh gal she thought to herself the party is over. She had finished eating. Lexa end ~~song~~ ^{song}. Now it was time to get serious with homework and study for her science test. Sarah look her watch it seven o'clock. Time flies by when you having fun she thought. Sarah rushed pulling out her books and study guide. She study so intensely for hours until she feiled asleep.

Sarah had forgotten about anything coming to gulp her up. She was tired. Suddenly she felt someone later on kissing her on the forehead saying I know you tired sweetheart. I love you. Sarah ~~jumped~~ jumped up out of her sleep. It was her mom. She was so happy that she was home, finally.

Guess what nothing gulped her up in the night. As she was
telling her mom all about her day at school. Sarah noticed
a big moon shining in her bedroom with a lot of stars beside
it. She thought to herself that is what saved me from
that darkness that wanted to gulp me and my friend Stephanie
up. I will see you at breakfast in the morning, yes,
Ma'am mom I love you, Sarah yelled as the door closed.
She got up looking out the window said to the moon and
stars thank you for saving me.
