Hi KK04313!

I appreciate the well wishes! Unfortunately, neither resulted in a win although I did get the backup spot for the Steering Committee representative. As for this being your first transcription, that's awesome! It's people like you that let those of us in here have a voice to the world. Thank you so much!

As you can see from my most recent post, I'm not giving up on the Sentence Modification over COVID-19. I'll keep at it till I can't anymore or I'm outta here! Heh!

Have a good one and thanks again!

Solidarity,  
Tony
