Thanks for transcription contributions to my writings because most of my work evolves into the content of a zine titled:

AZANDE Press Zines

a small connective space that we carry into the crowded closets of incarceration for Black Fam that identify to some degree as LGBTQIA+, from an Urban Perspective, free to prisoners.

final product @: anthonyrayson@hotmail.com

Prison, and Juvenile Detention Centers are not so safe for Gay Black Youth, so we simply provide what is missing, you are so valuable.

Thanks Again,
