Wow, what a warm and valuable comment, and I soooooo needed that.

Thanks for your transcription, I'm preparing a new Zine issue titled, AZANDE Press +, so that's why I formatted what you transcribed like a cutsheet.

We put together a YouTube Playlist @ Daniel Rainey / YouTube titled AZANDE Press +, to give the readers of our Zine issue cool Beatz, and Liberated Facts to read about how incredible we are in history. Please check it out, and share the playlist with Fam, as my gift to you.

Also, Thanks for your encouraging words at the end of your comment, I needed that even more, stay intrigued, and please stay healthy out there in that pandemic, Enjoy your reading, and the music. Have you read "NO Place To Land" yet?
