Poetry

10/1/2020

If you stay inside long enough
it will take the good out of everyone
what little there is if there ever was
you got to have someone cover your back
even that won't always help
one day there's only you standing there
looking for one more change
to say I love you to everyone
if I had that chance again
would you be able to hear me
after all the years
of pain and sorrow I caused
