Thank you for finishing and Post my transcription. Mr. Lewis, was a powerful man of God. I feel he was moved by the Spirit of God, in whatever he did. Not only that he was a Icon to me. I know we all have to leave the earth. Sometime we are not ready for those who inspire us to leave so quick. even though it was their time to leave. One day I will see John Lewis in heaven. We're going to talk politic and the encouragement he has been to me as African American. God Bless
