There are thousands of gay people
that wish they had a third of the
Parent that you are to your son

@YouTube - Sound Mind Streamer #1

You and your son can view thousands
of constructive videos that our
volunteers collected to broadcast
in prison so that our family had
a place to land, especially in an
environment where white gangs kill
cellies if they come out as gay,
and black gangs, Mexican gangs,
Muslim, and Christians spit on,
toss urine and feces on gay inmates,
the physical assaults as well,
so by showing these videos as a
program historical first, in collection
with other positive results, we
provide the "Crowded Closet" with
these videos over the prisons
TV network to let all of our
family know the value of each other,
and your words in your comment
is exactly why we do this work,
and service.

You're the Best.
