

August 2020

Life is a Marathon

Life is like running a marathon.
You always have to struggle on,
even when you might fall down
or when you're out of breath.
You must push and pull and fight
as if you're battling death!

Life is also very exciting.
We feel the windy, breezy air
blowing furiously past
as it cools our skin and face.
The feeling of sweet freedom
as we strive toward winning the race!
