Now I have 11 ~~the~~ sutures on the back of it 😊 I can't really write but I want to put something down about this beautiful little town we when through on the way back, Oakdale - reminded me of Sacramento of the '50's even had a Gilbert Rd I home sick for my youth - more later hand hurts.

I'm still having some trouble holding a pen. I can see smiles all around me. I've already ~~read~~ written a love note it started out as a love letter 😊 but my hand started hurting to much moving it around. I don't know what compells me so much to write maybe it's the love you've placed in my heart.

I went out to Fresno yesterday got some cancer cut off ~~at~~ <sup>above</sup> my right eye. I have a lot to do on my face they only want to do a little at a time. We left here before 3 in the morning and didn't get back until almost 3 in the afternoon Hanford is almost an hour farther than Fresno it still took longer to do the Fresno run. We came back through Rockford right down the main street a pretty little town itself but nothing like Oakdale. I could prefer to Oakdale if I could talk a certain old woman to come ~~to~~ <sup>and</sup> take care of me 😊 you would love it - I know you would
