Hi akf0612,

Sunday afternoon

Thanks for your comment on my Trump blog. As much as I don't like feeding his ego by paying attention to him, somebody needs to speak out and bear witness to his attempts to usurp our democracy.

It boggles my mind how many Republicans are willing to sell their integrity to get and keep political power. Tomorrow Biden will be certified as the winner by the Electoral College but I doubt if that will shut Trump up. I'm sure you'll enjoy my most recent blog - Another Frivolous Lawsuit and an Example of Real Voter Fraud.

Stay safe,

Harlan
