Awwwwh, My heart goes out to You about your Mom's Journey into the Realms, and please know that She knows how much you are Celebrating Her life, and She is always with you fosho.

The Gates are always open for people that gave birth to Spirits like you, wow, I just wrote you about this, so heads up, letter coming soon.

Oooooooh Mahelia Jackson, no, I didn't know that, felt it, but never sure? When do you be finding all of this?

There is more of a connection with my Grandmother Mildred Rainey, and how my mother got her first name and the Jazz/Music connection is really making sense, still waiting for a pic of her and my PawPaw.

I'm so with you right now, hold on, let me get some shoes on, and I'll take the next flight over to the Netherlands ☺.

Happy New Year My Friend, Be Safe. Thank you've convinced me to write about my mom.

Big HUGGGZZZZ
