

## Poetry

my eyes are raining ~~tears~~  
 it seems like everyday ~~now~~  
 that my eyes are lonely + wet  
 I've found something else  
 causing me to cry  
 tears running down my face  
 sometimes they're happy tears  
 sometimes they are sad tears  
 tears you and I share  
 today we share happy tears  
 once again your voice in my ear  
 telling me you'll love me  
 until the every end of time

Jeannie

Do you remember?

the first time

I got the courage up  
to say I love you

I was the toughest kid  
in the neighborhood

but for some reason  
you scared the shit

out of me, girls 😊
