BAH HAMDIGEH MAH EEN SHAITANHA O MEEKOSHEEM
Together we shall conquer these demons

Through the dark times and through the light
It was your hand in mine that made it right
when I was scared and thought I was alone
It was you, my love, who was my rock, my stone
You gave me strength, you taught me love
we've battled foes from below and above

And when I think of how far we've gone
I know we'll continue together, always, on and on.

It is you and I, my love, can't you see
good times and bad times, all the times, is still you and me
