I find myself

Thankful 4 U

Find myself embodying

Ur thoughtful words of encouragement

"Keep up the writing,

" get ur feelings out there"

As of Monday my job will b part time

8-11am

Which will allow me more time 2 sit n process my

Thoughts feelings n emotions

Still haven't adequately taken in or been able 2 bask in the blessing I received on December 17!

Though I'm waiting on the official date

I know I am officially going home!!!!

Sometime between after my call with my agent n April 30,2021

Amen

B4 then I plan 2 compile the notes needed 2 tell the true account of how my release
,miraculously, came 2 b

Starting with a dream on Easter Sunday 2015

N featuring other signs n wonders over the last 5 years

God is real

N still speaks through dreams

So b it

In the meantime

Been motivated 2 actually compile a book of quotes,encouraging ones,that I started in 2017

Gotta friend who gone put it on Amazon 4 me!

After that another book of quotes/teaching will b compiled n 4th coming

All the while nickel n dimeing on my memoir

Time 2 get more serious bout my writing career/calling n life purpose 2 teach others

So b it

Know my release will help with this ambition

as I'll b able 2 actually have quiet time n space 2 write

as well as good ink pens,laptop, comfortable furniture,n just a soothing ambiance

also access 2 more words,experiences, n writing workshops

Work 4 me

Thanks 4 feeling what I'm saying

Respectfully
