YouTube/Sound Mind Streamer #1 playlist

As CDCR continues the path towards program upgrades that reflect constructive ethnic awareness and studies, The Sound Mind Streamer creates a new safe space for urban perspective LGBTQIA+ incarcerated spiritual, Educational, Entertainment, Historical and Wellness engagements.

As an exclusive DPR channel, this new innovative program is designed to set the tone for inmates that simply require a place to land. The Music appreciation segments, titled, D3'VENT, is primarily an all instrumental Beats environment of Free Type Beats, the music of an entire Generation, provided by Sound Designers from all around the world, where Cultural Tradition and Urban Soundscapes merge that create a new degree of Connective inspiration for Writers, Rappers, Spoken Word ARTIST, Singers, Painters, Dancers, specifically in these Incarcerative Housing Units that register expanded in-cell programming.

While recognizing an upsurge in the hyper-feminization of queerness, and representations in media, we counter to strike a balance to also include representations and service for our "Massive Closeted Community", and Transmen that both exist on a more proud masculine side of the queer continuum in the incarcerative experience.

DPR's televised programming broadcasting of the Sound Mind Streamer statewide also means that our "Massive Closeted Community", that primarily are not housed in Non-Designated Facilities, but in Housing Units where fellow inmates require a nonpresence of queer inmates, have direct access by way of in-cell personal televisions specifically during times when their cellmates are out to Jobs, School, Training Programs, the Yard, Visits, and other out-of-cell activities, as SMS plays on a 24 hour loop for an entire week for each program, which provides multiple opportunities for viewership from inside of a very dangerous Prison Closet.
