ON opening of schools -

The suicide rate is ridiculous among the children. As I said before isolation is dangerous. The number one thing enters your life is depression. Why can't the children go back to school? It's a number factor that covid-19 is attacking all age groups not about if everyone follows the CDC guidelines, we will see a decrease in the covid-19. But people are so hard head until they lying on a hospital bed wishing they would have followed direction! Some living with lifetime difficulties for the rest of their lives and some dying. My daughter is a Pre-K teacher so far only teacher has gotten at the school. She was working close with them. So my daughter had to go into quarantine as well both times she didn't have it. The rate is very low at this school what are they doing following CDC guidelines. The ball is not all in government officials hands to do everything for you. To follow CDC guideline that is on you people. Now vaccine is on them. I feel there needs to be increase of vaccine. Team work should be involved in giving the vaccine out. So the Americans can be vaccinated quickly. When you say you're not taking the vaccine I feel you are very selfish and stubborn because you're only thinking about self. You can be the one carry it around in your body nobody knows it. You could be the ~~systematic~~ don't even know it so that is why it is very important to have the shot. Everybody want things to get back to normal including myself but we have to be obedient follow the guideline and take the vaccine. Simple as that.

To our new President and vice President

Congratulations!! To the Americans, United Nation and continents Give them a chance to show you what they can do to help you. Let's not be setting back criticizing democrats such as the trump supporters and Fox news 49. I am sick of hearing all the so call slaming of Biden. For real people this is not what I democracy is. It's about the republicans and Democrat working

together there is no such thing liberal, right wing, left wing, ~~pro~~
progressives. Trump supporters and him started this ridiculous
movement. As a leader you have to do what is best for the Nation. Some
people you're not going to be able to satisfy because it's vicarious what
they want. When it's not about a democratic or republican. It's about
the United States, ~~Not~~ United Nations and continents suffering. I can
say the Republican are ~~stupid~~ stubborn and selfish. When Our nation
is suffering tremendously. Donald ~~Trump~~ Trump's trial is important
but the money to go in American pockets is very extremely important
some are hungry, homeless, jobless, un~~der~~ healthy don't have the money to pay
bills. come on Republicans. your bills are paid, you get to eat what
you want not suffering at all. Have not lost your jobs. Stimulus should
be pass immediately it's only fair to the American people. who voted
you behind in office. you didn't put yourself the American people
did. This what they get no money to live on for real! sad, very
sad
