Subject: Final Parole

March 18 approximately 1:15pm

Here's what happened...

As is the case Mrs Pierce took me through the Parole routine.

What I did

What my charges were

how much time I've served (23yrs n 6 months) off my 75yrs sentence.

There had 2 b mention of my Parole Eligibility Date n My Presumptive Release Date (11-19-47)!!!

My conduct history was brought up as well as my criminal history! N how I worked my way down from Max 2 Minimum Custody (Gods fault!)

: )

Brought up how I successfully completed all my Programs (Aoda Thinking 4 Change n anger management) also doing a Bachelor's in Theology course, via correspondence.

Eventually we got 2 the part where it was stated that living with my aunt got approved, the support she said she could provide! Then got into my financials n my efforts 2 secure employment the day I get out by way of a Program in Racine called CCEP.

At this point I spoke on wanting 2 work 3rd shift at a bakery, start my own bizz, n do some fashion designing along the way! Don't want 2 put all my financial eggs in the basket of a single 9-5!!! Gotta make sure I keep a pink slip back up plan! Learned that from Covid!!!

Course I went on 2 run my mouth bout other things like loving my daughter n wanting 2 b there 4 her! Desiring 2 make the world space I occupy more better! YouTube channel, going sledding n just enjoying life...

When I finished she uttered how I did enuff time n that my release wouldn't pose an unreasonable risk 2 the public ,my parole plan been approved by my agent.

Mrs Pierce then recommended

"THAT U B RELEASED BY APRIL 13!"

she then went on 2 explain how she gave the 30 day window because of behind the scenes logistics, paperwork, Social worker meetings, n the like!!!

I asked when I'd know my exact release date 2 which she responded, "If the Chairman approves then the EXACT DATE will b reflected on the GRANT (of release)

I thanked her n tryd 2 write it all down while my hands were shaking! Great time 2 tell her bout the last time she blessed me I stumbled into the wall cause of what I'm calling Jello Legs! I said as well how I'm thankful 4 Amazing Grace n 4 the Light I had 2 draw at the end of the tunnel.

Course I explained how I got in trouble in the beginning because there was no light so I culturally followed the herd n threw my life away but then flipped the script under the premise that ...

Even if I die in prison want my daughter 2 know she not (destined 2 B) a criminal N that her Dad did his best 2 live a productive life in spite of having 75yrs in prison.

I asked if I could keep her abreast of my accomplishments seeing she the person recommending 4 release n if I messed up she would get second guessed! Told her I feel like she my PO so I want her 2 know I'm serious bout not coming back 2 prison!

She responded,"Do it 4 Ur Family!"

"I will!"

I thanked her again n flew back 2 the unit 2 give the news 2 my moms first n 4most...

SO

as it stands I am waiting 4 an exact release date that should b on or b4 April 13!!!

Believing God that I can b released on March 27!!!

a date that been coming 2 me since 2017!

Oddly enuff a codefendant was released March 27,2020!!!

If sooner I'll take it

if later I'll take it

Right now its 9:06pm n I'm still tasking it all in!

Still gotta stop! n officially thank God

4 releasing me

4 his amazing grace (I could a died here! they technically can hold me till 2072!)

thank God they not!

Thank God my pocket diary had 1 Corinthians 15:21 in it,which gave me hope n encouragement, so much so I wrote it on my hand n confessed. I'm gone get A Resurrection 2day. Amen!

Thank U Jesus

What else?

Bout 2 send out these last lil boxes of yarn,books,clothes!

Ain't keeping nothing but a photo album,Bible,daughter letters n my Release fit.

Its time

Pray 4 me.

Respectfully

Antoine J. Murphy
