Subject: Uhuru's PEN. (Blog) .

Notice to aLL readers of Uhuru's PeN , I would like to say, if you enjoyed reading the blog and looked 4ward to it's content,

that I apologize for the absence of it, and announce that I will be striving to introduce new content , at least once a month

at minimum, I had legal obligations that required my full attention , as readers will recall , I am still litigating the law suit

I blogged about involving me holding WI- DOC accountable for punishing me when I exercised my HUMaN & constitutional

rights , BY REFUSING TO TALK TO THE INQUISITIONAL TEAM AT THE SUPERMAX BACK IN 2011.

then , in the mist of my deadline , the 5 month old 7 inch fake - Tablet would not charge after I just thought I was up grading

by sending the 5 inch out that I only had in my possession for three months;

in the mist of my personals, we all have been feeling the effects/ affects of the COVID Party tru-(ch)ump invited us to.

This has allowed the Draconians to use it , COVID , as the excuse to lock us down more frequently and more methodically

and THIS HAS had a extremely negative affect/effect on my recovery from being in solitary confinement for 23 yars.

I was just getting to some level of fitness and good health when tru-(ch)ump party started. I also got a food server job

which was good for me mentally and allowed me more freedom then all others similarly situated within the system,

but the negative was I was eating more then the limited movement allowed me to burn off, so all this affected my ability

to keep fresh content on the blog, and I felt I owed you an explanation for the absence of uhuru's pen .

it is my hope that you will tune in and share the content's with others and that you are engaged by what

you read. :-) :-) :-) :-) O:-)

within the following days, I intend to post an article about the :

" DISOWNMENT OF PRINCE HARRY AND HIS
BLACK CHILD "

FEED BACK AND YOUR OWN THOUGHTS ON THE MATTER IS WELCOME..

Until this pen weeps again , Stay Focs , and Stay LOve™ loved . I strive , I
struggle™. 3/22/2021, 2:03 am
