

WE The People

Essential, as Air to Life!, this shall give;
Unforgiving!, as meant an intent shall,
In acts, (as well as deeds, this!), shall LOVE tall;
There where!, there is a need, hearts must confide
Investing in progress poised: "WE mean no small
Steps positives," grateful hearts flaws
As it stands between you & I!: Revive
"WE The People!," doth possess the power
To not mute cry, no cry at all raises fists
To mobilize (or organizing moves
Mountains - or - moehills, interest peaks hours,
As it stands between you & I!, at risks - 11/21/20
