

Priceless Star

Although, these days at times will be trying!
Sometimes a times of strained-pain; kind of sad—
Some days a day of gray as Gloom its strike
as to slip upon the ice — de'feet's bad;
And, even when the greater weight times
Fourth fold upon shoulders, we still trek forth
For Reunion reuniting good times;
Removing these gates & cells of no worth—

Although, there may be a day, times a day
another day: a deeper shade of Gray's m'gr—
an ugly time of pain-stricken delay,
"You are the Sister!, my sister — of star!"
Regardless of Prosecution's slight hold;
as priceless to me untold & fourth fold! — Wm.
