

Wow! I be glad when:

When we don't have to wear these mask anymore

when I am free

when I can flow in my ~~destin~~ destiny

when I can put on the clothes I like

when I can go to a beach

when I can go to a gym

when I can get my nail, ~~toes~~, and hair done

when I can go to a chinese restaurant and eat much as I want of chinese food

when I can dance freely

when I can see my family and friends freely

When I can travel without any  
restriction attached

When I can freely walk into my ministry  
with my pastor

When I can shop for clothes

When I can go to a real doctor and  
dentists
