LEAVE BETWEEN THE BARS...

I pray All is well And
every one is healthy & Covid-19 safe? As
for myself I am well & Covid-19 free
I received 2-doses of Moderna April
May... As many have gotten vaccinated
some haven't their choice...

I'm writing to have this posted
I'm wanting to talk about what is
in the news "CRT" I listen to AM-
Radio & also NPR we have 2-flat
screen TV's in the dayrooms, one
stays on ESPN, every now & then we
watch local news & at times world
news but as always, all day were
on a in & out, we can go out to the
dayroom at around 7ish in the morning to
sit either at a table or on a bench
while we wear a mask... we haven't yet
been allowed to not wear them UN-
LESS you're in your cell... or the
shower...

I was born and raised in
the southwest side of Houston
you can see the planet job 15 at well des
it's a light tan brick house, it has
changed the outside, but if you
scan the street, across from my
house is a elementary school we
myself attended up to the 2nd grade
but my other 3 siblings went there &
also to Johnston Junior is down off
over

BRASSWOOD + Willowbend is where you
 can see Johnston also as I was placed
 at Edgar Allen Poe which is on Hazard
 Street, I was then shipped to John
 J. Pershing off of Stella Link... I am
 sure both can be Googled too if
 you the ones who do Google them
 can print out a page of each I
 would love to post them so those
 who check out BtB site can see
 see. Back in the day was the
 1960's... it was early or mid-60's
 I seen Big Buses Segregating
 Black Students... it actually
 had written on the yellow school
 Buses "Segregated" or Segregation on
 the Bus... I was young, it was
 1966 or 1967 I began 1st + 2nd grades
 but it was in 2nd I lost it, why
 I cant say I was the youngest of
 four OK, we still had B/W TVs so
 I'm sitting on the den eating a Bowl
 of Cheerios + chopped BANANA when I
 seen JFK being shot... I told my Mom
 she got on the phone had the school
 send my other 3 siblings home?
 Allot was going on them years,
 had Vietnam even had a Uncle go in
 1965... but came back in 1969 not to

WALK he was strapped to a Gurney he was alive for about a year, til he took his in 72

I seen the 1st man to step on the Moon & in the 70's I got addicted to smoking CIGARETTES, EVEN MARIJUANA... later when I was then I used a Needle to get High... Most can remember "Smoking in the Boys Room... By Ma'ley Cruz...

I'm 41 yrs old, I married my 1st wife who also lived on Attu'Ida. She got mad, being she was 4 yrs younger I wasn't even 18, she got mad due to me not taking her to my senior prom... So that winter her & a friend wrapped my nose... yes CHERYL was her name... we married in 1980 have a son ERIC ROYCE he was adopted at the same time I was on TX death row!
