"ONCE AGAIN CENSORED BY THE FDOC"

The Administration here at UCI is. . . well let me leave that thought in my head. Although I've got the right to say what I want about them.

See *Osterback v. Ingram*, 1999 U.S. Dist. LEXIS 20944: 13 Fla. L. Weekly Fed. D 133 The United States District Court For The Northern District of Florida stated unequivocally that "Prison officials may not censor inmate correspondence simply to eliminate unflattering or unwelcome opinions or factually inaccurate statement's." The court's went on to say, " Further, mere complaints and DISRESPECTFUL COMMENTS cannot be grounds for refusing to send or deliver a letter. Censorship for violation of prison disciplinary rules is properly limited to communications that relate to more concrete violations such as escape plans, plans for disruption of the prison system or work routine, or plans for the importation of contraband." Further supported in *McNamara v. Moody*, 606 F. 2d 621@624 (5th Cir.1979). see also *Loggins v. Delo*, 999 F. 2d 364@367 (8th Cir.1993)( where a prisoner's offensive language in a letter does not implicate security concerns disciplinary action against the inmate violates the First Amendment).

The administration can't seem to grasp the laws of our land. For once again they've censored my emails dealing with stuff that they clearly don't want to get out. And the censored emails were going to two members of the media, as well as my attorneys. What gives?! Come on understand the law. But then again this is the FDOC known better as the FLORIDA DEPARTMENT OF CORRUPTION!! A corrupt and unethical department that's known for lying, beating inmates, falsifying documents, dealing drugs and so much more. So am I surprised that they've violated the law and censored these emails that contained sensitive issue's that they want to keep under wraps, from not only the American public, but the entire world? No I'm not surprised at all. This is hands down one of the most corrupt government agencies that there is. But if you know me I'm going to fight to correct this. But the emails they censored. . . well I'll admit they are highly sensitive and controversial!! HIGHLY SENSITIVE!!!! Because if true, there's a major cover up going on between the FDOC and the Leon County Sheriff's Dept. And since this administration took action to stop all email's that contained any information concerning this, not only did they they violate the law as you see above, but they've now shown culpability in this cover up. Yes I will bring this story to light. Just give me some time. But I also aim to stop this illegal censorship. May God bless you. And never give up no matter how the decks stacked. For persistent will eventually pay off.

Sincerely Ronald W. Clark Jr. #812974
