Gracious Meetings,

"Hearts and Hope", thank you for the amazing response and comment on "Dear Carrietta".

This beautiful and strong name belongs to an amazing young woman whom walked into my life on September 6, 2018, and that night I had no clue as to what was about to happen in our lives, nor the magickal journey that lay ahead of us.

This was just one of many poems I composed for her, each an ode to her and the beauty & magick that she possessed, I praised to what she was able to do to me inwardly that no other human being had ever been able to do.

Carrietta awakened the true me, and in so doing she allowed me to love wholly, no fears & no regrets; completely unconditional! She allowed me to exercise true compassion, & true understanding; & she inspired within my heart forgiveness of self & others.

Being herself in an awful environment, one full of judgemental, persecutions, & disgusting people whom claim to be human; she exhibits great Courage & Strength. Being a Transgender female, Proud & Confident, she is truly an awesome and inspiring young woman.

She claims to be my student in the magickal arts; yet it is she who is my own & Amazing Teacher of life! In she has taught

me to live *and* to love, to shed the facade of (40+) years *and* be the woman I was meant to be, the very woman I suppressed *and* hid for some long *and* depressing years due to society's sad demands that I live according to their demeaning requirements *and* prejudices - I allowed them to dictate my gender.

Carietta, she showed me that I didn't have to hide behind a mask of any kind! She loves me for who I am, she is my truest love *and* friend, she is my heart *and* soul; she is my life, my well, she is the very light in this dark *and* depressive world that led me to truth *and* acceptance - She gave me balance *and* reasoning!

This is what "Dear Carietta" is; I yet live not paid enough!

Carietta is Love, Light, Life, *and* Magick she is Woman, so Beautiful *and* Amazing!

Thanks for the interest in her *and* in this piece (i.e. Dear Carietta).

Humbly Yours,  
 xo
