

Where is my stimulus refund? IRS

How many people asking that question. Whole lot of people like myself who file the proper paperwork. Receive my \$1400.00 check June 21, 2021 but yet to receive my \$1800.00 refund. I receive good bit of people around receive one check behind one another. Some people has not even receive the first check. They don't even owe the IRS. Some people got the \$1400 but not the \$1800 as of yet.

So the question I have for the government where is our refund. For my I need that \$1800 dollars right now. I am in ~~diff~~ diren needs of finances. This govt is struggling. Like all the other people needs this as well. This is a problem for us.
