Ladyweaselofthecountyuk2021 —

You have a really long moniker!

I'm hoping you're referring to my latest (attempt) at posting visual art and legal documents. ☹

I recently mailed colored pencil painting,

"We are so small" which is a marine freighter in a strange electrical storm out at sea.

Along with it I sent a re-posting of "McLean Hospital Report" because

back in 2014 I tried to post the report and it was so blurry it was illegible.

By attempt I mean that there are correctional staff that are very determined to prevent my incoming and outgoing mail.

They've been doing it a very long time.

So if its ~~the~~ THAT particular painting you're talking about — it has nothing to do with my childhood. Its just that we live upon a giant ovoid mass spinning and yet by a balance of positive and negative gravity we remain intact despite there being countless similar objects floating about in the void.

Its one reason I pray lots every day.

We are only tiny writhing specks at the mercy of The One who sustains all this that is.
