Calikyan - You're very welcomed, not an easy topic to write about, but I had to do it. Thanks

Crispycream200 - You're the best, You get it, can you please be a kind soul and finish the transcription at my post - Liberated Facts i4 Nov. 7, 2021? Thank you sooo much, I call myself teaching a different perspective on the issues.

ellss - Thanks for your encouragement, Years ago I wrote my own version of a song dealing with my own personal experience, my Grandson found some of my old tapes, and put this song titled - No Turning Back at the end of Mobile EP, by Parallaxboi, @danielrainey/YouTube, it's about a 20 minute set, so catch NTB at the very end. Again, Thanks for your comment of encouragement, in spite of cultural denials, yes, American Black innercity Gay Youth also contemplate suicide and are not vocal about it, your comment speaks volumes to those that really appreciate it in real time.
