Hello carr3629! I'm glad you saw my post the way you did. Not that it was so obscure or subtle or anything, it wasn't, but it sounds like you got the point and it made sense. 😊 I'm sure you can look back to any part of K-12 school and feel what I was talking about... do you remember all your classes and teachers? Most ppl don't. If you think back to, say, middle school and try to recall a class that doesn't come first to ~~o~~^mind, you might find a whole treasure trove of memories, and maybe even some facts you forgot you knew. 😊 That's how it works for me, anyway. I recently tried to remember EVERY teacher from kindergarten to 12th grade. Funny how ~~the~~^{many} of the clearest memories are the oldest. Anyway, thanks for checking out this site, transcribing, and commenting. You're awesome (all you folks who contribute are awesome Thank you!)
