

Inmate GOEHLER, K77832 should be commended for his positive programming during his incarceration at Mule Creek State Prison. I have witnessed GOEHLER'S program since I first arrived at MCSP approximately 13 years ago. He has been working diligently at challenging himself to be a productive member in the prison system. GOEHLER has been a part of working with an outside outreach group and has built many relationships with involved people. I believe his character and actions in prison will transfer into being a productive member of society if given the chance in the future. During my career, I have seen very few inmates who strive to change and work daily to display they have indeed changed. GOEHLER'S behavior should be recognized and documented.

GENERAL CHRONO

Jan. 6, 2022

I want to thank EVERYONE who has been a part of my life since I arrived here again at MCSP (cir. 2008). This is the longest time I've ever spent at one place - in my entire life! I appreciate the grace I've received while growing through introspection, and consequently rising above episodes of Samskara.

Most of all though, I truly appreciate the help from several Scientologists who sponsored my sapience. Without them my recovery from despair would have been surrendered to making a mockery of our human condition in today's society - both inside or out of prison.

Compared to over \$100,000 per year to warehouse me - for 24 years now (\$2,400,000), it only took two volunteer ministers providing over \$5,000 of study material over seven years, for me to earn 33 certificates worth of understanding myself and others and this world we live in.

Truly; People who overcome adversity don't do it alone. Somewhere along the way they find people who bring out the best in them and invest in their success.

Truly; Having someone you can count on no matter what is essential in overcoming adversity. A special thanks to you two. Much love.
