

Hello newers,

How is everyone? I know things can always be better. My question is what would you like to see more of from me on my blog? What can I do better with? I need feedback, because it's everything. Just a reminder from me election is coming up let your conscious be your vote. Remember your vote matters. Don't forget to do something special for someone today to show them you care. Remember to treat others the way you would want to be treated with kindness and love. I learn this in my life you.

You can meet ~~the~~ <sup>a</sup> hateful person. But by time you show them enough love that spirit will go from them. Hatred stir up dissension but love covers all wrongs proverbs 10:12. Those people out robbing when they enter your house. Tell them you know Jesus loves you. Start talking about the love of Christ. How he died for them. That will ~~bring~~ <sup>calm</sup> them down.

My goal is for 2014 is to go beyond what I am use to. I have some things in my mind that is uncommon that I want to succeed in. For me to do it I need to clear some people off my pathway. Because everyone is not meant to take to the next level with me. I have two roommates they are so jealous of me. They are trying to pull everyone in their ~~own~~ <sup>own</sup> mess. ~~They~~ These bunkmates keep dissension going in the dormitory.

One thing I can work on is. Talking about every little irritation or piece of gossip only keeps the fires of anger going in my ~~own~~ room. What I need to do is refuse to discuss them. That will cut the fuel line and makes the fires die out. Let me ask you all question. Does someone continually irritates you? Also, we have to ~~be~~ decide not to complain about the persons, and see if your irritation dies from lack of fuel. This is the area I need to work ~~on~~ on in 2022.

To my viewers and non viewers, I want to say to the parents or parent who lost a child this year my prayers are with you all. I feel your pain. Don't let nobody rush your grieving process. However long it takes you to get through it. Take your time. My child's death happen 20 some year ago. I still go through. But please don't let yourself slip into a depression and stop eating and become sleepless. Get help if you find yourself falling into a deep depression. I don't know who your higher power that you trust. Mine is Jesus. Let me tell you this scripture I prayed it God gave me a peace. Philippians 4:7 And the peace of God, transcends all understanding, will guard your hearts and your minds in Christ Jesus. Worst times I go through July 20th his birthday, November ~~1st~~ and Dec last holiday I ~~was~~ spent with him. 2021 Christmas holiday I didn't have time to get depressed because people was showing me so much love. Presents kept coming. I got through the holidays with the Lord sending the right people to show me love and I had a peace on the inside.

I want to say this to comedians who has been under  
attack from the public. About some they have  
~~said~~ said that didn't fit the people taste  
bud. I want to say some people are so serious  
till they look like they suck on a lemon. They  
bitter cannot have fun. I love comedy. It  
brought joy to my life when I was in a hard  
place in my life. Comedians keep doing what  
you. Some of us need that laugh. Thank  
you all ~~for~~. I hope ~~it~~ is better for  
everyone. Keep your heads up and just ~~as~~  
know better will come.
