" Who is Bill Cosby ??? "

Tagline : " America, " Bill Cosby is all things america, He is as American as anyone of the founding Fathers who

" Rapped , Enslaved , and Stole America.

Who is Bill Cosby ?

He's that pimp that we admired in the hood ,  
and in our rap' as if pimp is good. so long is't not your daughter.

He' s that cool uncle that take advantage of young women,  
like all the other septuagenarian and octogenarian dating young girls the age of their grandchildren.

He's that gangster that we saw in , " WHICH WAY IS UP " or was it " LETS DO IT AGAIN " ? !

that we sometime Love and tolerate , because while we do not agree or feel him  
on all things he do,  
he is famm.

He's that rapist and slave master that America love and celebrate name thomas  
jefferson ,  
drinking Monticello wine as he wine & dine his celebrity breaking others sobriety.

He's that Mobster we watch and love and model and even depicture on HBO that goes  
out in the noon, that is on

G- time, sell some dope and other stolen good, shoot and maybe kill to stay of  
becoming prey,  
for the law of the american jungle is bite or be bitten.

He's that old dude that hypocrisy conceal the devil in the details,

abusing his power to prey upon the weak , like dame near ALL política .

He's that Billion Dollar donor ,  
that secretly pray that the education given to others by that donation ,  
will secretly absolve him of all his sins. that he maybe forgiven for the unknown,  
the unlearnt, the unrevealed.

He's that Janus cousin that come smooth then flip Gorillah.  
the war he saw in you , he first saw in himself. But was a cowed to reveal it,  
so he concealed it.

He's that 12 that who justify his actions , because mentally he is sick.  
why else would he cheat of Camille when she was all things,  
smart , educated, liberated , beautiful , generous.

He's that 50'th thugg that believes' it's the american way to take anything he want's.  
why should he put a limitation or boundary on taking some pussy ???.  
is this not what alot of uneducated thug's believe , or implicitly condone when you don't  
punish or even address it when it's done by someone in your circle or your clique . ???

He's the pussy theft who did not murder his victims to conceal his crimes,  
which we know of , which is the america way, particularly the american serial killer way.

He's the weak white American CEO who misogyize all women in the act,  
yet his lov of them drives him to hate the overwhelming power that they anciently hold.

He's that institution that allow co's , all across america to sexually abuse human beings  
everyday in prisons and jails in the strip searches they conduct.

As disgusting as it is, and as wrongful it be, "RAPE and THE SEXUAL ABUSE OF  
WOMEN AND GIRLS IN "  
AMERICA , IS AS AMERICA AS CAN BE.

SO WHEN WE ASK JUST WHO IS BILL COSBY, I SAY HE IS AMERICA. THE  
UGLY PART THAT GETS OVER LOOKED  
AND CONCEALED EVERY DAY.

HE IS THAT DUDE WHO GANGBAN THE SRIPPER, ASWELL AS THE GANGBANG  
RAPIST ON THE OTHER SIDE OF  
THIS AMERICAN spectrum , that threads the seam of the american culture,

He was the meticulous one who choose his allege victims well , fore had one been family  
to me , I would have changed  
the nature of his existence.

He's the brother who may have also became the target for some seeking to gain , As he and everyone knows,

thats part of the pimp and mack game, a sneak , a freak and a peek is also a mark in this game.

make him pay is way. sic a ho on him would be the name of the game of the street. because no matter how they fake it , as they rap it , it is trick'in , for all trick's can afford it.

he is truly an american dad, just as bad as the founding fathers'. Fore, Black america don't need a bill Cosby to reflect our truth. white america need to see bill cosby on Tv more then any black or brown c-kid did.

So this down fall of the so call Black american TV dad, is part american mythological , Part fallacy ,and part real for

some. But it's not someting that affect me to the degree that others have allowed and maybe should not allow it

to affect them. Because, all we have to do is look in the american prisons, and we see how liberal white america

is and can be when it comes to rapist and child molesters when they are white ; a drug dealer gets more time then they do . So we should not feel less or more about bill cosby janus nature or the

allegations of such. Fore white america's image of him is just as it always has to some. just as well to others,

we need not slander others to make the point, for that's not the nature of this piece, but we have seen with in this

society how rape allegations are handled liberally when the person is white and rich.

why should we apologize or disassociate the good he done and the facade we believed in, if we put too much perfection

on this ,we will never recover. He was all things,and his rape nature is a part of that , even though we had not seen it,

and he was concealing it, But some point others had to know and also remain silent, as is also part of the american culture.

The question may need to be framed, not who was bill cosby , but who is america. for bill cosby and his many faces

of Janus , is a reflection of america.

and that , for me is enough, and nothing else need to be explain.

so Until this pen weeps again Stay F♣cus , Stay Lov♥ed.
