SOMETHING CAN BE DONE ABOUT IT!

In creating the Volunteer Ministers program, LRH wrote: "If one does not like the crime, cruelty, injustice and violence of this society, he can do something about it. He can become a Scientology Volunteer Minister and help civilize it, bring it conscience and kindness and love and freedom from travail by instilling into it trust, decency, honesty and tolerance."

Greetings. I am a California State Prisoner who founded a Scientology Study Group here at Mule Creek State Prison in 2015, through frustrating SP difficulties which continue to date.

In April 2017, My petition to FLAG was delivered to the Volunter Ministers Center, where Ms. Ernestyna Eichenlaub seen the merit of my Scientology Prison Outreach (SPO) postulate, and now we have expanded into a number of prisons around the country.

This is certainly a news worthy VM program which has had a tremendous impact upon prisoners - who have all written wonderful success stories as they complete each chapter of The Scientology Handbook.

I'm sending along my OUTSTANDING VOLUNTEER AWARDS and COMMENDATIONS, with a great sense of gratitude for the opportunity to study Scientology, and make this ennobling material available to other prisoners seeking their own redemptive rehabilitation. Ms. Eichenlaub has recorded many other Success Stories from prisoners studying the Volunteer Ministers Technology, and I am certain that she would be pleased to share them with you for a news article.

For the Love of Truth.
