

1

Smile for me beautiful
I want to dream
Wrap myself in blankets
With your smile on me

2

I know about you
You entered my heart
Long long ago.
When I made a promise
That I would never fall in love

O
How time passes
And minds change
You entered my heart slowly
But quickly brought me pain.

3

Ripped a sheet in pieces
Where I once scribbled your name
Threw them up in the air

Blocked the blue skies
Grey.
