## S E X - N - P R I S O N

It is sheer hypocrisy and utter nonsense to be(LIE)ve that once a psychosexual mature individual simply because he is incarcerated, he becomes non-sexual. Sex in prison does happen, often and is a critical issue totally unaddressed and unresolved by slaver<sup>s</sup>/prison<sup>s</sup> guards. Studies have shown that years of depriving a prisoner of sexual intimacy with his biological counterpart perverts his sexuality and contributes to his ill-health, high levels of violence and ultimately becomes a societal problem when these individuals are released.

This uncivilized, barbarous unnecessary deprivation of the humanity of prisoners results in: 1). Increase violence among prisoners and prison guards 3). Perversion, 3). Rapes, 4). Promotion of homosexuality and; 5). Sexual abuse of women with violence once a prisoner is released; dysfunctional sexual relationships.. Many bitter individuals would spout "**They should have thought of that before they committed the crime.**". Adding that: The pleasure of sexual copulation with one's biological counterpart is a **privilege**. **Hardened**, macho convicts prisoners would note: "**Don't think about, you're weak if you let something like that get ta ya.**" Fortunately or unfortunately sexual copulation is not a privilege nor something that you can ignore as statistics bear out the world population of over seven billion people; the epidemic of **rapes** in prison and in the not so free world. **SEX**, sexual copulation is a biological genetically DNA-programmed need of "us" humans.

Males are so constituted that during long periods of abstinence from ejaculation by sexual intercourse, their sperm builds up. During these extended periods of sperm buildup; the male sex drive increases in strength and intensity. This excessive libido buildup increases testosterone readily explains the murderous uncontrolled violence. There are no standards or average for the male sex drive; instead there are a wide variety of sexual appetites and abilities. **NOCTURNAL EMISSIONS**, sometimes called **wet dreams** occur, it is the automatic expulsion of semen through the penis while the individual, young male is asleep.

The semen is secreted by the prostate glands, the seminal vesicle and other glands that open into the urethra duct. This opalescent white fluid carries spermatozoa during intercourse/masturbation/ejaculation and if the male **does not** engage in sexual intercourse or does not **MASTURBATE**, the semen will accumulate until it overflows during nocturnal emission. This is a harmless, body fluid waste disposal of excessive **ACCUMULATED BODY FLUIDS**. Unfortunately, most men, most prisoners long before this natural body fluid pressure release occurs becomes murderous and killers.

All that being said, it does not give the state-employees in their perverted cruelty the right to in many instances irreparably damage the psychosexuality of prisoners for society at large to bear with. To punish a person humanity, to include his sexuality was no different than those idiot savages of old who stripped blackmen of their humanity; treating them less than human, legally and physically; this is the greatest and most grievous crime that can be committed against another. Sex is an innate, instinctive, psychosexual, biological, hormonal need; a fundamental aspect of **ALL** of our humanity. To arbitrarily deprive a human being of their sexual needs based solely upon their imprisonment/enslavement is barbaric, sadistic and a cowardly act

In exposing the wrongful/unjust enslavement/imprisonment and inhumane treatment of prisoners; we must simultaneously expose the false; to confess and admit that prisoners are sexual beings. Depriving a human being of his natural right to engage in the pleasurable sexual intimacy with his counterpart; his biological counterpart is sick and diseased and the equivalent of RAPE, the rape of an individual's humanity. These sick slavers, prison employees, biological-mutant-organism; who benefit from this multi-multi-billion dollar Slave Empire; who profit from ameri-KKKa 21st Century Neo-Slave industry cowardly want even discuss this critical issue.

These corrupt pious, bigot<sup>fsd</sup>-hypocrites must evolve, grow up into real human beings, dropping their sadistic/perverted lunacy, shame and "admit and accept" that human sexuality is all of our reality as it is theirs; a major factor in all of our lives, and not some nonessential extracurricular activity; that we can either take it or leave it. Even the worst of the worst, slavers must learn the old bible adage: "DO UNTO OTHERS AS YOU WOULD HAVE ONE UNTO YOU." And this is from an ATHEIST.

This is a call for a legislative BILL OF PRISONER'S HUMAN SEXUALITY RIGHTS.

C O N J U G A L V I S I T S FOR ALL PRISONERS  
EVEN PAID PROSTITUTES

MEN, BLACKMEN IN PARTICULAR AND SLAVERY IN ameri-KKK IS A WAY OF LIFE, A MAIN SOURCE OF J.O.B.S FOR ameri-KKKANS.

It's never gonna go away so we must now evolve and treat it like a way of life.

This barbaric ring of "SILENCE" hurts. Dehumanization and Animalization causes grievous harm to all, to include society at large.

COMMENTARY(1): Low life slavers/prison guards and corporate parasitic PIMPS' diabolic prohibition on masturbation and denial of conjugal visits to all goes far beyond their insidious cowardly Cruel and Unusual Punishment. Imagine if you've been enslaved for decades or years and you go in the restroom or to your cell and masturbate in to relieve yourself of all your pent up anxiety, frustration and longing and a pig-guards sneaking to bust ya; writes you up as if you have done something wrong. All in this fake-ass so-called religious ameri-KKK.

This Cruelty is of long range, genocidal sinister intent is far more atrociously degenerative and wicked. Further, if you deny a person the right to engage in sexuality, you will create an antisexual, antisocial, life-negative environment.

When you enslave a human being in a stupid place as hostage against their will under threat of violence or death if they attempt to leave; served dog food and soybean filler all to MAKE MONEY FOR SLAVER\$\$\$\$; then hire stupid people as slaverkeepers to control them; making prisoners do unnecessary stupid things as an exercise in pig-guard control, day after day - he will become life negative and weak. And as it was found out early on to exploit the weak, enslave their minds. Make them do stupid unnecessary task over and over again; like attrition; to make them feel "guilty: and worthless and they will willingly enter into the world of schizophrenic defeated. It is easy to dominate and destroy the weak. Destroy the dignity of a man and he will become an obedient slave(of white racist amerikkk - who should have had enough of BLACK SLAVERY - Look at the near insurmountable, horrendous mess it created and still recreating within the occupied Nation of New AfriKa.

"WE" are still savages, the slave masses' and their flunkies, wage slaves have empathy and compassion for them and their kind but none for the oppressed slave and especially for the black slave C'est la vie and que sera sera.

S E X U A L D E P R I V A T I O N

Depriving a mature, psychosexually individual of his natural function of sexual-intimacy with his biological-counterpart is a human rights violation of unparalleled proportion and simply cannot be justified as a means of punishment for his purported societal-classed "objectionable-conduct" We have two basic instincts, Food and Sex. Food is needed for our survival and sex is needed for the perpetual-survival ~~and=sex=is=needed=for=the~~ of the <sup>species</sup> race. Both are basic needs: While it would be unthinkable to deprive a human being of food, likewise it should be just as incongruous to deprive ~~to deprive~~ a mature individual of sex, simply because he is being held hostage in a prison. SEX AND FOOD ARE DEEPLY JOINED: Food keep the individual alive and sex keeps the race alive, that is there similarity; Sex is Food for the race and Food is sex for the individual. Hence, <sup>this</sup> there is a point to be remember<sup>d</sup>, if you repress sex you will start eating more food to compensate. Without food and sex humanity will perish and disappear. Knowing this, those who support fasting have made people food-obsessed. And those who have supported forced celibacy is bound to create sex-obsession in their victims.

To deprive a person of one-half of his natural instinctive functioning, sex with his biological-counterpart is life-negative. The moment a person becomes life-negative he becomes weak. And it is easy to exploit the weak, to enslave the weak. It is easy to dominate and destroy the weak. When you are taught or forced to live under life-negative circumstances you become afraid of talking about things frankly, authentically. You do not want to talk about sex, you want to hide it as if it does not exist in your life. But deep down inside you are boiling and thinking about sex twenty-four hours a day. Modern psychologist/survey say that each man thinks about sex at least once every three-minutes and women think about sex once every seven-minutes.

You should know that pornography is not a natural phenomenon, it is a sex-repression-phenomenon. Hence, the tremendous interest in the women's body. Pictures, statutes, movies, they are all either directly or indirectly pornographic. Unless there is something of sex in it you are not interested; sex sells.

They are connected, if you repress sex too much you become MURDEROUS. In fact, murdering somebody is a perverted act of sex. Man wants to enter the body of the women. If he is not allowed to, he will start finding any possible way to enter the other's body. He will engage in deviate-perverse sexual-fantasies, generally degrading to the female; MASTURBATION being a source of relief. If not, he will become homosexual and enter the body of a man. If he cannot find a man, he will find an animal; and if there is no sexual way to release and relieve his frustration he will become enraged. Sex energy repressed becomes anger, it becomes murderous; if a person's sex is repressed they can easily be made to kill others and be killed. In the past three thousand years we have fought no less than five thousand wars. It seems absolutely insane as if we are living only to kill each other. What has gone wrong with man? No animal makes war on other members of its own species.

REPPRESSED SEX! in prison is bound to create troubles for all concerned We are the only perverted-cruel animal; all kinds of perversions... sexual-deprivation makes one very cold about sex. And because you are cold about sex, you are cold about everything else. Your very source of warmth disappears. If you repress sex you become cold; if you become cold you lose the orgasmic quality.

SEX IS THE SOURCE OF ALL LIFE AS WE KNOW IT TO BE: It is how all life is created. It should be respected, worshipped and held sacred. Sex is the most sacred phenomenon in existence, it is the sparkplug, the catalyst of all our lives. If life is not sacred than sex is not sacred.

DESTROY THE DIGNITY OF MAN AND he'll easily become an obedient slave. And the best way to destroy his dignity is to make him fight against himself; he'll start feeling guilty because he cannot conquer. No man can truly conquer sex or food. If you fight with your sex you are dividing yourself into two persons; you are becoming split, willing entering into the world of the schizophrenic - you are becoming diseased Just your own energies will be dissipated, you will become weaker, as if your left hand is fight with your right hand; neither will win. And a greater thing will happen of long-range consequences; if you cannot win against your sex you will start feeling so "guilty", so

ugly, so condemned, so unworthy that you will readily bow down to any stupid person. Anybody who is a good pretender, a hypocrite, this is how cunning people have dominated humanity. It was found out early on that if you want to dominate humanity, make it weak, make it feel guilty, make it unworthy. Destroy its dignity, take all glory away from it, humiliate it. Imagine if you will being forced to engage into autoerotism as your only means of obtaining sexual-food while being held prisoner by a cruel, vile, murderous barbaric STATE Government savages have found such subtle ways of humiliation that they don't even come into the picture at all. Guards leave it to the prisoner to humiliate himself, to destroy himself; he can neither escape nor overcome their sadistic-torturous mistreatment. Prisoners learn a form of "psychological-genocide", a kind of slow suicide. Yes, there is the possibility of transcending sex, but that is not done by repression. Sex can be transcended, and it is a great experience to transcend sex, but it cannot be done if you are against it. It can be done only if you befriend the energy, if you absorb the energy, if you find what is the secret of sexual longing, if you find the key. Why we are so interested in sex? It is not just a question of biology, it is more a question of spirituality.

TRANSCENDENT

My own experience as to why people are so interested in sex is because that is the only naturally-given window into <sup>EXISTENCE</sup> extence. I deep orgasmic state when lovers meet, ~~met~~ merge, melting and disappearing into each other for a single moment, time disappears, mind disappears, ego disappears and one has a taste of meditation, the ultimate subconsciousness. That taste will give you the key to real orgasmic-ecstasy. those who have experienced this bliss have known timelessness egolessness and mindlessness.
