

Crystal-

I'm sorry you feel the way that you do. Some is quite justified but some I truly don't understand.

Where did you get that I thought any of my actions concerning my crimes were okay? I've never once said it was because it wasn't, I don't deny it one bit.

As far as being a danger to children... huh? I get the situation at hand, but I have never personally touched any child inappropriately, let's clear that up: I concur that people attracted to children probably can't change, I am not one of them. My attraction was to my co-defendant. Certainly it's not much better, but there is a difference.

For hurting you the day you heard the news... I'm so sorry, I know I hurt you deeply. Many people. There's no excuses. I will always feel terrible for that. IF I could take it back I would but clearly I can't. All I can do is improve myself to the best of my ability. I've worked very hard at it for the last 13 years and strive to be better each day.

May G-d richly bless you

Rhonda
