" I AM "

6/1/2022.

1. I am the ocean breeze , cutting canons between the trees .
the forest wind beneath your knees ,
i'm the ant tucked in the weeds.

2. I am the ocean breeze , hoovering in & out ,
mountain top, mountain low ,
I am the topography in mellifluous flow ,
the range ,
for which all ranges are defined .

3. I am the ocean breeze , moving the Orinoco flow ,
I am that prime that define " Primigravida ' ,
the primogenitor of the primordial soup ,
that humanitarian goop .

4. I am the first ' Thought ' , even before thinking .
I am " Thought " . The primrose , and the mold from which you rose .
I am the prime mover of your primrose path .
tell me your secrets and watch me laugh.

5. I am that Ocean Breeze , that help you sleep at ease ,
say good night but you won't be counting " ZZZzzz's " .

Morpheus pray to me , like a habit of morphine ,
moralizing a mortgage ,
before I get mortal .
i am the death tax , of your death pledge .
i can easily make your temple a mortuary plague ,
or a morgue room ,
sweep you away like a Sunday monsoon .
with the flick of a moratorium broom-zoom-& boom.

6. I am that morphology of all cosmology ,
I am , I am The Breeze .
