1. The mind caution me to be meticulous with these words ,  
for it's like restricting a ' STORM ' to a Cup .  
Reducing my Passion to an act of feel ,  
or a tasty thrill .

2. These words have might ,  
let loose in a ramble and rumble - - - they want to fight .  
humble because I don't want to fright ,  
but be careful they might bite .

3. These words will smash through mountains ,  
dive through volcanoes and emerge in the sea ,  
circle the oceans - - turning them to wine !  
while warming and cooling them at the same time .

4. These words I want to weep and kiss your heart ,  
baking them into a sweet amber of the Proterozoic arc.

5. These words can heal ,  
any damage you have will ' peel ' ,  
as if you had taken a magic pill .  
I want them to crest & massage your body like a flame ,  
elevate your mind and your soul .  
engulfed like a cloud in the perfect storm .  
sing sweet notes to a poetic song .  
love making that forever go on .

6. These words ..... are invisible ,  
but tell me how you feel ?  
can you see them ???

---

" Now that you see them ! "

---

1. A nebula in your eye has been exposed ,  
by these words that I reveal .  
caution to the side , have concealed how I feel .  
The storm has spilled out the cup ,  
and runneth over with passion and thrill .
  
2. Meticulous to the ramble and the rumble in the fight and in the bite ,  
a fright at what they might reveal ,  
exposure comes with the heal .  
the amber has chilled and cracked ,  
love is a ridiculous fact ,  
refined wine , a revenue of time ,  
revert the dime , a clean breast ,  
the bloom in the vast , along with all the rest .
  
3. Volcanic in their quake ,  
oceanic in their spill and feel ,  
these words - - - swim in your mind ,  
defying the age of time ,  
beach on the lake in your heart ,  
lovers that never part .
  
4. They sit atop of the mountains of your modesty ,  
and kiss heat ,  
that heat , that heated the kiss that made the wish ,  
a wish that a dream , became a dream and a dream became a wish ,  
long suffered kiss , out comes the dreamer's bliss .  
a ring in a dream , that rang in a bell ,  
that sound - - - sounded and found your love .
  
5. Two hearts , mashed together like a lock ,  
listen to the clock --- a tick and a tock ,  
tightly embraced with silk and lace .  
enshrined , the lover's bake the seal ,  
that these words reveal .

6. Invisible are these words ...  
that furnace two hearts into one .  
with in the silence between ,  
the space is filled with romance and tragedy .  
a Juliette kiss for a romeo wish ...

---

---

" And now what ? "

---

1. To dream a dream ,  
of a nebula wish , that a kiss was more than a kiss ,  
and a wish come true . that would and could heat oceans  
and turn lakes blue .

2. With caution now silent ,  
and meticulous dated ,  
these words I swear ,  
can heal .  
Turn your Achilles here ,  
you can dip it in my Styx ,  
My oceanic love .

3. It is tested , and bright .  
long suffered , never afraid or  
subjected to fright .  
and definitely will fight .

4. Romeo knew love to a fault .  
that tragedy stole romance and Juliet's heart .

5. Proterozoic in eon , the amber of my experience .  
love will not lose nor be ripped asunder by eruptions of the fog .

6. True to these words ,  
as I will have my way ,  
and they shall have sway ,

any doubts will be removed .  
as the love of true oceans cool ,  
and the volcanic lava clean ,  
The hearts see no words ,  
But the words it can feel ,  
and it is these words that I reveal .
