

CLERK'S NOTICE	DOCKET NUMBER 2185CV01214	Trial Court of Massachusetts The Superior Court 
CASE NAME: Luis D Perez W33937 vs. Carol A Mici Commissioner of Massachusetts Department of Correction		Dennis P. McManus, Clerk of Courts
TO: Luis D Perez W33937 NCCI-Gardner 500 Colony Rd P.O. Box 466 Gardner, MA 01440		COURT NAME & ADDRESS Worcester County Superior Court 225 Main Street Worcester, MA 01608
<p>You are hereby notified that on 07/21/2022 the following entry was made on the above referenced docket:</p> <p>Endorsement on Motion to Dismiss (#17.0): ALLOWED ALLOWED. Plaintiff is a candidate for the office of the Governor of Massachusetts. The complaint seeks a temporary restraining order against the Department of Corrections (DOC) from transferring him to a different corrections facility during the pendency of his candidacy. The basis for the request is plaintiff's allegation that last time he ran for governor in 1993, he was transferred from one DOC facility to another. There is no allegation or suggestion that DOC is currently considering transferring the plaintiff. For the reasons set forth in DOC's motion, the plaintiff has failed to meet any of the standards for issuance of an injunction and has failed to state a claim. It is clear from the complaint that plaintiff has not plausibly suggested a justiciable controversy for this court's consideration. Accordingly, the complaint is DISMISSED. Notices mailed 7/26/22</p> <p>Judge: Ritter, Hon. William J August 16, 2022</p> <p style="text-align: center;">My dear brothers & sisters;</p> <p>I lost my petition. It was denied like most of the civil cases that are coming from the prison system, in particular cases that deal with Justice William Ritter. The main reason in my civil complaint was the issue of obtaining a court Restraining order to protect me from being harrassed or transfered to another institution. As you most know, I am running for Governor from inside the prison and sensitives issues can be brought to light and people in corrections have become a political identity on election year.</p> <p>The struggle continues toward prison reform, in particular dealing with programs, mental illness of correctional staff, nepotism, visits and the lock of access to latinos in Federal Habeas Corpus.- As it was mentioned on the final report from the Comm. of Safety and Abuse in America's Prison, "the psychological forces that act on people who supervise others in a closed society can have a substantial impact on Officers behavior, including racial bias. - So too can the dynamics that operate between officers and incarcerated people, potentially leading Officers to abuse their authority and prisoners to resist rightful authority."</p> <p>Keep in touch, as always on one-love for the struggle.</p> <p style="text-align: center;">   </p> <p style="text-align: center;">Luis D.
