

STAND UNITED WITH UKRAINE

As our world watches, hopes and prays for a peaceful resolution to the Russian Occupation in Ukraine, we all continue to see, hear and digest the inhumanities Russian Dictator Putin imposes upon our Jewish brothers.

Its sad that in this advanced society and time we live in these absolute War crimes, inhumane persecution of Jew's is happening. Not since World War II has a class of people been so persecuted and victimized by a war machine.

The Jewish people are our older brothers in Christ, our peers! its a injustice that this is continuing and against Gods people.

I emlore folks to get involved, donate, give your time, be a voice, take interest as this has implications deeper than any of us can fathom now. The future is very unclear & what direction this make take us all in. The road we are posible heading down.

I stand in Solidarity with the Ukrainian people to the end.

In Solidarity, 
Chuck Thompson
