Subject: Urgent Request

Anyone out there

Will you help me out with this. I am a prisoner and I was just denied "Financial-Aid- (Pell Grant)" because my Alien Permanent Resident Card (Green Card) has expired in 2001. I am removable because of my crime and incarceration, and was removed by Immigration and Naturalization Service in their database since 2001. So, I cannot attend school at (Milwaukee Area Technical College) MATC's for the Associate of Art, or Associate of Science offered in Wisconsin prisons. I really wanted to get that degree, which would help me even after I am deported to another country!

Can you help with a gofundme.com account? I need \$15,000 for the whole course because I am not eligible for the federal pell grant. Or could you do a research for me to see if there's an organization that might help with this funding?

Thanks in Advance,
