

Last
And wounded
Bleeding
From the heart.
Abandoned
By those whom I adored.
Friends
Close relatives
Gone.
From my life
As I walk on the road
Less traveled.
Alone.
With nothing left
Except old memories
School dances
Kisses on the bus.
Love
Tell me you remember
Me
The way I was
When I first kissed you
In History Class.

+ Enter
The visit room.
And
Kiss my lips.
Before
The officers
Break it off.
Quick.

+ I was chained
They
Laughed.
As I
Attempted to eat
The food
Off my tray.

+ I
Kicked the door
With my shower shoes on.
My feet still ache
My feet
Are numb.

x

You left me too.
Now
You cross my mind
Mildly.
And I see her
All the time
Her
The one after you
In my mind
To see her eyes
Not yours.
But...

She's no more
She
Never belonged to me.
Not her kisses, her caresses
Not her eyes.
Please
Don't read this as a plea
I just want to tell her
What I tell her in my dreams
Goodbye
I wish you the best
Wherever you may be.

First she said,
"You're very smart."

Then she said,
"You're a smart ass."

Then,
"You're an asshole."

Then,
She never wrote me back.
