

## PLEASE SUPPORT

Hey y'all! Shortly after I sent my last post, I received some books from a new (to me) prison book project and I wanted to include them.

These groups are staffed by volunteers who send books to thousands of inmates every year. The books are not only a joy to receive, they are a lifeline and greatly contribute to inmates' mental well-being.

Please support this group or any of the others I mentioned in my last post. Thank you!
